## 1 Introduction

This handbook contains; the terms and conditions of your Auto-Sleepers warranty policy, sets out the six year servicing and inspection schedule you will need to follow to maintain the cover, lists those items that are excluded and explains what you should do if you need to make a claim.

You should note that the first six services and inspections are required as part of the terms and conditions and failure to have them carried out at the specified intervals will invalidate the warranty.

Warranty issues must be reported to your Auto-Sleepers Dealer as soon as they are discovered. They will be able to advise you whether or not it is safe to continue using your motorhome without causing further problems and determine the most suitable course of action to get the problem resolved. Under certain circumstances, we may decide that the most appropriate course of action is for us to deal with you directly, but we will only do this after you have discussed the issue with your dealer and he has submitted a claim on your behalf to ensure all parties are aware of the nature of the claim.

Please note that defects arising as a result of continuing to use your motorhome having been advised not to, by your dealer or Auto-Sleepers Ltd, will not be covered by the warranty.

You should always consult your Auto-Sleepers Dealer before fitting optional equipment or making any alterations as unapproved modifications, however minor, may invalidate the warranty.

The warranty does not cover items that have deteriorated due to fair wear and tear, serviceable items such as fuses, light bulbs, batteries and filters or damage caused by misuse or negligence.

If the motorhome is sold before the end of the original warranty, the benefit of the remaining period may be transferred to the new owner using the form at the back of this booklet. The application for the transfer must be received by us within 14 days of the acquisition of the motorhome or the remaining cover will be cancelled. We may ask for proof that the motorhome has been correctly serviced when the application has been reviewed.

Note that only the unexpired period of the Habitation Warranty is transferable; the benefit of the additional Water Ingress Warranty applies only to the first owner and cannot be transferred.

## 2 Activating the Warranties

Your supplying Dealer must explain the terms and conditions to you and register your purchase with Auto-Sleepers to activate the cover.

## 3 Warranty Periods, Terms and Conditions.

The warranty period begins on the date of registration or 12 months from the date the motorhome was invoiced to the Dealer, whichever is sooner.

Cover is limited the habitation aspect of the motorhome. The base vehicle, Peugeot, Mercedes, VW etc., and its ancillary equipment is covered by its manufacturers warranty and all matters concerning it should be referred to you local franchised dealer.

Cover is limited to motorhomes used primarily in the UK. Cover for use outside the UK is limited to 90 days per continuous trip. For

information concerning the use of the base vehicle outside the UK please refer to the base vehicle manufacturer's literature.

Motorhomes produced by Auto-Sleepers Ltd are covered by a standard three-year Manufacturers Habitation Warranty plus an extra three years additional Water Ingress Warranty.

service centre approved by Auto-Sleepers Ltd and must, as a minimum, satisfy the requirements of the NCC Motorhome Habitation Service Schedule and include a comprehensive Water Ingress Survey.
