Introduction

Welcome to the 26th edition of the Paul Roggeman European Open Beach Championship, the largest three day beach fishing competition in Europe.

Paul started the European Open Beach Championship in Bridlington and it is remarkable to see that a small two day beach fishing competition has grown and developed into what it is today. This has been made possible by Paul’s tireless, hard work and dedication to make the event a success. This matched with your fantastic support is what has helped make the championship so unique.

Last year’s competition was a huge success and saw a great attendance of new and old anglers battle it out in the very cold conditions, congratulations again to our Overall Winner, Paul Medd and Max Martin our Junior Champion for 2018.

Our 26th year will see as always, an exceptional prize table, with huge cash prizes and fantastic fishing equipment to be won! As always each of you will be able to pick up valuable experiences, tactics, skills and techniques whilst enjoying a fun filled weekend meeting new and old friends. Some of the top companies within the industry will be exhibiting to provide you with an insight into all aspects of sea angling.

This year sees us team up with Sea Angling Adventures, as we look to provide competitors with fantastic coverage in the build-up and during the 2019 Championships. If you haven’t already, please take time to view their terrific content on YouTube and Facebook: www.facebook.com/seanglingadventuresteam/

From all the team here at East Yorkshire Events, we hope you enjoy your time in the East Riding of Yorkshire and we look forward to welcoming you on Friday, 15th February 2019.

Tight lines,

William Hall

PAUL’S EUROPEAN OPEN TIPS

‘BE AN EARLY BIRD’ - You will have to arrive at your chosen venue early as the popular areas will soon become crowded well before the start time.

‘BE MOBILE’ - A venue that produces fish over low water could well be worth trying early in the match, before moving on to a high water venue.

‘SHORT CASTING’ - Don’t spend the whole match blasting baits out of sight as many of these beaches can produce good fish inside 100 yards.

‘CLIFFHANGERS’ - Be careful when on muddy cliffs, especially after rain. Many anglers have found themselves up to their waists in mud!

‘TRAVEL LIGHT’ - Keep your tackle to a minimum. Venues soon become crowded and a long walk may be on the cards.

‘IT’S A START’ - Remember that any sizeable fish caught on the Saturday could mean extra weight towards Sunday’s big prize fund!

‘FRESH IS BEST’ - There is no substitute for fresh bait. So make sure that you have a reliable supplier or, better still, why not collect your own.

‘RULE IT OUT’ - Make sure that you can carry a suitable fish rule. All fish brought to the weigh-in must be above the relevant minimum sizes.

‘HOOKED UP’ - Avoid large hooks. Recommended sizes between 1 and 2/0 which will hold a good cod but also allow you to target smaller pieces.

‘AGAINST THE CLOCK’ - Weigh-in times will be strictly adhered to, so allow sufficient time to travel back to them. Miss them and you will miss out!

EOBC 2019 Flattie Bash

Please read the following rules carefully as they will be strictly adhered to for the competition. The Flattie Bash this year will be run in partnership with George Smith. For all enquiries for the Flattie Bash please contact George on 07857 550125.

This year’s event will take place on Hornsea and Mappleton beaches and will be zoned. All anglers taking part in the event agree to the rules laid down.

Competition Rules

1. Fishing Times
   - Friday, 15 February 2019. 10.30am - 2.30pm. High tide at 12.37am (4.8m).
   - There will be one overall winner, then prizes will be given for 1st, 2nd and 3rd place in each zone.
   - There will also be prizes for women and juniors.

2. Registration and Entry
   - Registration will start at 8am. Tickets and registration will be available from:
     - Hornsea Floral Hall, Esplande, Hornsea, East Yorkshire HU18 1NQ
   - Entry fee: £10 per person (cash only). The competition includes males, females and juniors.

3. Competition Boundaries
   - The competition boundaries will be marked on Hornsea and Mappleton beach with flags at each end.
   - Competitors must stay within the boundaries when fishing. Due to limited space within the boundaries we ask that there is no more than six meters between each angler, this will be stewarded.
   - This year’s match will be zoned. Anglers will be notified of their position at registration. Family and friends can still fish together in the same zone. Please be aware that one of the zones is in Mappleton which is a five minute drive from the registration point.

4. Notes
   - The decision of the organiser (EY Events and George Smith) is final. Neither East Riding of Yorkshire Council nor the organisers shall be held responsible for any loss, accident or damage incurred by any person in connection with the competition. Each entry to the EOBC Flattie Bash is binding in honour only.

General Rules

1. This is a catch and release stewarded shore fishing competition for flat fish only.
2. Each competitor is only permitted to fish with one rod, with one reel and running line with a maximum of three hooks.
3. Each competitor should have a bucket of fresh sea water. When a flat fish is caught the fish is to be placed into the bucket and taken to nearest angler (non-family or friend) to measure and then be released.
4. It is the responsibility of both the angler and the steward to ensure that the fish swims away.
5. Fish should be recorded and returned before the next cast is retrieved.
6. Fish are measured from the tip of the nose to the maximum tip of the tail. The length recorded will be rounded down to the nearest full centimetre.
7. No angling equipment must be left on the beach unattended. Any unattended equipment may be removed by the event stewards.
8. No angling equipment can be set up before each competitor has an entry ticket in their possession.

Points scoring system:
Competitors will be given one point per full centimetre of flat fish recorded. The result will be decided by the competitor with the highest number of points. Where there is a tie on points then the competitor with the most number of fish will be the winner. If there is also a tie on the number of fish then the winner will be the person with the largest single fish. There will be one overall winner of the Flattie Bash as well as prizes for the top three in each zone. There will also be prizes for winning females and juniors.

*Please be aware this event can be busy and therefore, some anglers may have a distance to walk. Allow good time to register and set up.

Please note, entry to the flattie bash event may be limited to the first 300 competitors dependant on weather conditions.
