

Hessle High School & Sixth Form College

Welcome to our Open Evening

Earth Science - Geography

The Course

- the subject expands the knowledge of global issues, concepts and processes which students have been taught in Key Stage 2
- we investigate the Earth and its people and cultures
- develop cartographic and geographical skills
- develop practical skills which can be used out in the field

Topics covered in Years 7 and 8

- Introduction to Geography and a study of the UK
- Geology
- Population and Culture
- Tourism
- Geography of disease and world's deadliest animals
- Brazil and the tropical rainforest

Assessment

- regular assessment using past exam questions and assessment tasks
- exam questions in lessons
- specific targets to help students make improvements

How Parents Can Help

- remind your child to bring the correct equipment and exercise book to Geography lessons
- to encourage your child to read articles or watch the news and geographical programmes
- encourage your child to practise key skills at home including the use of revision websites
- support the wide range of field study visits

Curriculum Area Leader: Mr Carlin

'Every child is capable of extraordinary achievement'
