PRIMARY SCHOOL PE AND SPORT FUNDING

Background

In April 2013 the Government announced new funding of £150 million pounds for PE and sport for schools. Penshurst Primary School received £18k to be spent in the academic year 2017/2018.

At Penshurst Primary School, we work hard to provide high quality physical education (PE) lessons and extra-curricular activities for all pupils. We deliver a wide range of PE to our pupils, with the aim to engage and inspire. Our pupils participate in dance, gymnastics, swimming, athletics and team games (both net/wall and invasion) sessions, all of which develop the important skills required for further sporting achievement. Lessons are taught by our school teaching staff, Secondary teachers, external coaches and our own Sports Coaches. External sports coaches are employed to extend provision in extracurricular clubs or for block and one- off sessions. Our extra-curricular programme is extensive and includes morning/lunch/after school clubs, regular sporting fixtures and both intra-school and inter-school competitions. Please visit our club link for up to date information. Our school is a Sports Partnership member; this is a network of schools working collaboratively and which includes local primary schools and West Hull secondary schools. Through this, we access a sporting calendar, which includes local competitions, county competitions and continuing professional development for staff across the schools.
