

Champagne

Sumptuous, luxurious, spacious, stylish and aspirational

The extravagantly-equipped, range-topping Champagne Lodge is designed for true connoisseurs. With a galvanised chassis, bonded sandwich construction and superior insulation, it is suitable for all-year-round use. Interior furnishings are resolutely modern; the free standing three piece suite includes a swivelling armchair and a sofa which converts into an occasional bed. Vertical blinds, stylish curtains and imaginative lighting all combine to create a harmonious living area. There is provision for a 32" flat screen television over the fireplace, with a Sky+ connection, HDMI cable and an iPod style docking station. Lounge ceiling speakers are provided as standard.

A real wood dining table and chairs are included, along with two bar stools. The dining area sits next to the kitchen, immediately below a Velux rooflight.

The kitchen units are smart and contemporary with soft-closing drawers, laminate worktops and reflective splash-backs to enhance under-cupboard feature lighting. The five-burner gas hob includes a wok stand and the twin cavity oven includes a grill. You also get an integrated microwave and fridge and freezer, a wine cooler, a washing machine and an A+ rated, 12-place setting dishwasher.

The master bedroom includes a walk-in wardrobe and provision for a 15" flat screen television. The en-suite bathroom has an overhead shower and there is a shower cubicle in the main bathroom. Both have an extractor fan, towel radiators and soft close toilet seats.

Bordeaux

Light-filled, spacious, homely and relaxing

Everything is within easy reach and exactly where you'd want it, with a handy mixture of eye-level shelves and big, floor-based storage units for pots and pans. A four-burner gas oven and grill comes as standard, with a cooker hood above.

The main bedroom features a king-size bed and has cupboards on each side to provide a handy platform for the early morning cup of tea. There's a radiator next to the bed for the cooler months and even room for a small vanity area. The lift-up bed creates a useful storage area for bulky items such as suitcases.

The other bedroom has twin beds, with

the 38 foot version providing the option to add a third, although one of these extra beds is only suitable for a child. Don't forget that one of the sofas also provides a pull-out guest bed if required.

There's a toilet and washbasin in both the bathroom and the en-suite, with the latter also being equipped with a shower.

The Bordeaux is designed to create a relaxed, domestic feel, with shots of raspberry adding a splash of bright colour to the neutral fabrics of the furniture and carpets. You can specify the Bordeaux in either 33 foot, 35 foot or 38 foot lengths, with the longest having an alternative layout option to provide a third bedroom.

The chenille-covered chairs and sofas are modern and comfortable, complemented by a real-wood coffee table and matching footstool. You have a choice of frontage between patio doors, or full-height windows which extend all the way to the roof line.

The kitchen is close to the ideal layout, with work tops on three sides.

The Chamonix is very much a holiday home aimed at the luxury end of the market, with the clean lines of its light interior guaranteed to enhance the perception of light and space.

You immediately feel drawn in to the tastefully decorated, centrally heated lounge, with a modern three-piece suite facing its attractive black fireplace, which is now enhanced with LED mood lighting and forms an attractive focus for the room. The space above has been ready prepared for a 32" flat screen TV, also provided with an HDMI cable and Sky+ connection. The vertical blinds combine with tasteful curtains and a luxurious carpet to soften the room and make it cosy and welcoming.

Low-energy LED ceiling lighting is used throughout.

The kitchen has some new additions for 2015, including a glazed side gable and new laminate worktops. All drawers in the kitchen are of the soft-close type and the worktops are illuminated by under-cupboard LED lighting. The glass-fronted oven and grill is topped by a hob with a specially designed wok stand. Also included is an integrated fridge-freezer and microwave oven. A built-in washing machine or a 12-place-setting dishwasher can also be fitted as an optional extra.

The main bedroom has a king-sized, lift-up double bed with Swift's newly improved, high quality mattress. Provision has been made for a 32" television in the master bedroom, with wiring and mounting place for 15" version in the twin bedroom.

The main washroom has had a huge

facelift for 2015, with a full-width shower cubicle fitted into its recess. New fixtures and fittings have also been introduced, with new, stone effect vanity splash backs, LED-illuminated vanity mirrors and a soft-close toilet seat. **HHL**
